To provide visually impaired students with equal learning environment, opportunities and choices, and offer professional advice to various stakeholders in order to create an inclusive society.

背景 Background

「為視障學童提供的支援計劃」（支援計劃）是由心光學校在教育局資助下，自一九七零年開始一直為就讀於普通學校的視障學生服務；自一九九九年九月起，「支援計劃」的服務對象進一步擴展至就讀於非視障類別特殊學校的視障學生。

Resource Support Program (RSP) is a service provided by Ebenezer School, and subvented by the Education Bureau. RSP has been serving students with visual impairment (VI) who are studying in ordinary schools since 1970. Starting from September 1999, RSP has expanded its service to include those students in non-VI special schools.
